Cagney Contract Cleaning

**MEGA**PAY

by INTELLIGO

Payroll Solutions you can Trust

Cagney Contract Cleaning use Intelligo's HR and payroll software, MegaHR and MegaPay, to manage their payroll for over 800 employees.

## Background

Cagney Contract Cleaning was founded in 1977 by Patrick Cagney to provide a professional cleaning service to a wide range of clients. He was joined in 1979 by Garvan Cagney, his brother. Today the company employs in excess of 800 staff, and has its Head Office and Moderated Training Centre in Dublin.

Cagney Contract Cleaning predominantly serves the greater Leinster area. They have significant contacts in the Cork/Kerry area with their own regional management. Their clients include many corporate, pharma, industrial and commercial organisations.

## Implementation

In terms of implementation, according to Linda Martin, Finance Manager for Cagney Contract Cleaning, "The Project Manager provided by Intelligo had excellent knowledge of the software and our payroll requirements, all deadlines were met on time and responses to project queries were immediate."

Intelligo's ability to keep to commitments and their ability to deliver outstanding quality payroll software and services is highly rated by Cagney.

## Choosing Intelligo

Linda added, "We chose MegaPay over other payroll

providers in the marketplace because we had outgrown our current payroll solution. Also, the integration between HR and Payroll was a must. The sharing of relevant information such as job and salary history between both systems saved time on our side, as it meant no duplication effort."

## Benefits

According to Linda, the key features of MegaPay are:

- Seamless timesheet import at the touch of a button.
- Excellent Standard Reports along with easy to use Report Writing Tool.
- Easy to edit Pay Rates especially when employment regulations allow for wage increases across the board.
- Detailed Audit History on fields.
- Excellent Support, always there to help.

## Working with Intelligo

Now fully underway using MegaPay and MegaHR, Cagney Contract Cleaning can utilise the user friendliness and robust functionality of the systems to meet their payroll needs.

As reliability and security are of vital importance to Cagney, these features were top rated. Intelligo look forward to working with Cagney's payroll team for a long time to come.

“We chose MegaPay and MegaHR due to the seamless integration between Payroll and HR. Employee details only have to be entered once with subsequent changes updated automatically in real time.”

Linda Martin, Finance Manager, Cagney Contract Cleaning.
