AVANTUS

The ultimate flexible benefits platform...

FlexGenius is a premium employee benefits platform, designed from the ground up to satisfy the most demanding employees. The platform's attractive and succinct presentation, combined with intuitive processes, delivers the first class experience your employees expect.

Maximum Choice Any employee benefits can be accommodated, whether they are your existing benefits, or chosen from our extensive, constantly updated portfolio. Comprehensive configuration tools allow for tailored views/offerings, dependent on criteria such as service, role or location.

About us

We've been helping employers deliver and communicate employee benefits for approaching 20 years and pride ourselves on being one of the most experienced operators around.

We support a wide variety of employers throughout the UK and overseas, ranging from SMEs to household names. We pride ourselves on our service and innovation, which has resulted in excellent customer retention rates.

We remain privately owned and provide all services from our head office in Guildford, Surrey.
