

Real-time access to your data empowers you to make better decisions

Dashboards and Real-time Analytics

SOLUTION OVERVIEW

KEY BENEFITS

iiPay's analytics dashboard gives you the power to make informed business decisions and provide transformational business intelligence.

Ask questions, interrogate your data and view the corresponding visualization, all from within a single global eco-system. The dashboard ensures a consistent approach to your payroll management, globally.

1 Instant Access for Management Reporting - Make informed business decisions with real-time analysis.

2 Instantly see Global Data Aggregation - It's built right in.

3 Eradicate Errors - No more spreadsheets or manual calculations.

4 Save Time Consolidating Reports - Review performance between payrolls from one single dashboard.

5 Analyze Pay Elements - See the relative performance between regions and entities.

6 Compare Payroll Elements - Like headcounts, overtime, absences, payments, leavers, salary changes, etc.
