

Eliminate fines
from local
authorities

Global Compliance Library

SOLUTION OVERVIEW

Mitigate risks through accurate and compliant payroll providing peace of mind for businesses.

With iiPay's single master service agreement, your data will be treated at the highest level of security in alignment with our ISO certification and SOC report. To help support internal audit processes, iiPay provides access to our Compliance Library so that your team gets informed in time about the latest country-level payroll regulation changes.

We take care of compliance, so you don't have to!

KEY BENEFITS

1 Proactive and Clear Legislative Statutory Updates - ensure compliance and informed teams.

2 Eliminate Exposure to the Organization - Risk of fines, penalties, and press.

3 Real-time Alerts - notifications to your team about applicable changes to country payroll regulations before they are enacted.

4 Clear Understanding - local legislation and regulatory payments updates.

5 Training and Support - Dedicated team for any queries and to keep you up-to-date with new legislation.

6 Employee/Employer Tax Calculation - Social security and filing.
