

Manage and approve  
your payroll quickly  
from one single  
unified platform

# Global Workflow Management

## SOLUTION OVERVIEW

**Ensure process consistency and payroll governance globally with the iiPay Global Workflow Portal.**

Manage all your payroll controls and sign-offs from within one single ecosystem.

iiPay's real-time global workflow ensures process consistency and payroll governance globally. The workflow platform gives you complete ownership of all your payrolls and provides complete oversight of all milestones and all data objects.

## KEY BENEFITS

1

**Workflow** - Ensure global governance and compliance of your payroll with an automated process.

2

**Simple navigation** - See your payroll activity results on iiPay's intuitive interface with drag-and-drop functionality.

3

**Easy Approval** - Approve your payroll quickly and easily and receive automated alerts.

4

**Always-on Access** - Access your payroll information anytime.

5

**Visibility** - One view through one portal, over every single payroll in your global landscape.

6

**Secured Data Sharing** - Access your encrypted and protected sensitive data, with timestamped activity logging.
